Privilege Log.docx

Hi Erin –

Because this was a HQ response and appeal, I sent the records out in hard copy, rather than uploading them to FOIAonline. The office doesn't keep copies of responsive records, so you'll have to get the copies of records from Audrey's files.

The response letter and log are attached.

Thanks!

Emily –

Dan believes the response to the 6/7/13 FOIA from Jose Aguayo (you emailed me the original request) makes up the full set of documents responsive to currently outstanding FOIA #EPA-R7-2014-004887. Could you send me the response and privilege log for the 6/7/13 FOIA? I believe Audrey Ascher, now retired, reviewed it but I would need to review myself before I could sign

off on it.

Thanks -
